## Vetoed By the Governor

### **HB 76 – FY 2016 Appropriations Bill**

#### Line-Item Vetoes by the Governor

#### **Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 245, Line 355.582:**

This language authorizes the appropriation of \$809,900 in debt service to finance projects and facilities for the Department of Community Affairs, specifically for the construction of a seawall on Hutchinson Island in Savannah, through the issuance of \$3,500,000 in five year taxable bonds.

Article VII, Section IV, Paragraph I (c) requires that general obligation debt may only be issued to “acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, buildings, structures, equipment, or facilities of the state.” In this instance, the state does not have ownership of the land identified for the seawall, and thus is prohibited from using general obligation debt to finance this project.

Therefore, I veto this language (page 245, line 355.582) in the provisions relative to Section 50 State of Georgia General Obligation Debt Sinking Fund and the state general funds of \$809,900.

## Revenue Shortfall Reserve

The 1976 session of the General Assembly created the Revenue Shortfall Reserve in lieu of the Working Reserve. This reserve acts as a savings account or "rainy day" fund for the state should revenue collections decline unexpectedly or uncontrollably. Current law provides that the reserve cannot exceed 15% of the previous year's net revenue. For each fiscal year, the General Assembly may appropriate an amount up to 1% of the net revenue collections of the preceding fiscal year for funding increased K-12 needs. In addition, the Governor has the authority to release funds from the reserve in excess of 4% of the net revenue of the preceding fiscal year. The chart for FY 2014 includes agency surplus collected after June 30, 2014 and does not include funds used for mid-year K-12 adjustment in FY 2015.

### Department of Justice (DOJ) Settlement Agreement Funding

The Settlement Agreement signed October 19, 2010 between the United States of America and the State of Georgia requires funding for community services directed towards developmental disabilities and mental health consumers of the Department of Behavioral Health and Developmental Disabilities (DBHDD). The agreement also calls for DBHDD to partner with other state agencies such as the Department of Community Health and the Department of Community Affairs in order to support the needs of its consumers.

The Settlement Agreement establishes yearly targets for developmental disabilities, mental health and quality management. State compliance with the targets established in the agreement will be verified by an Independent Reviewer.

- 3) Budget and expenditure data shown above is presented as submitted to the Office of Planning and Budget by state agencies.

The U.S. Supreme Court decision, *Olmstead v. L.C.* (1999) declared that unnecessary segregation of individuals in institutions might constitute discrimination based on disability and be a violation of the Americans with Disabilities Act. The decision affects qualified individuals with a physical, mental, or age-related disability who are receiving state-supported long-term care in a state hospital or nursing home that could also benefit from community placement and are not opposed to the move. It also affects people with disabilities who need state-supported community-based services to avoid going to state hospitals or nursing homes. Since the *Olmstead* decision, Georgia has taken steps to comply with the ruling by making more community services available and accessible to Georgians with disabilities.
