HB 19 – FY 2024 APPROPRIATIONS BILL

INTENT LANGUAGE CONSIDERED NON-BINDING

Section 11, pertaining to the State Accounting Office, page 24, line 32.2:

The General Assembly seeks to appropriate \$4,528,476 in state general funds to the State Accounting Office for the Financial Systems program to be used for operating, maintaining, and staffing the statewide financial and human capital management systems. The office has numerous vacant positions and is in the process of substantially modifying this program with the implementation of the NextGen project that will produce efficiencies in operations. Therefore, the agency is directed to disregard the language included in line 32.2 and evaluate the future needs of the program for the NextGen project.

Section 12, pertaining to the Department of Administrative Services, page 29, line 42.3:

The General Assembly seeks to appropriate \$2,000,000 in state general funds to the Department of Administrative Services for the Risk Management program to be used for paying negotiated Workers' Compensation settlements to reduce outstanding claims. While the state has made substantive investments in reducing outstanding Workers Compensation claims in recent budgets, this appropriation is not sufficient to meet estimated needs. Therefore, the agency is directed to disregard the language included in line 42.3.

Section 13, pertaining to the Department of Agriculture, page 34, line 50.7:

The General Assembly seeks to appropriate \$340,000 in state general funds to the Department of Agriculture for the Consumer Protection program for the State Agricultural Response Team (SART). As specific uses for these funds were not identified, the agency is instructed to use these funds for training, equipment, or for overtime or conditional pay supplements for team members earned during event response pursuant to Policy 7 – the Statewide Overtime Policy and State Personnel Board Rule 478-1-.12(9).

Section 13, pertaining to the Department of Agriculture, page 37, line 50.11:

The General Assembly seeks to appropriate \$850,000 in state general funds to the Department of Agriculture for the Consumer Protection program to increase funds for operations. As specific uses for these funds were not identified, the agency is instructed to use these funds for one-time equipment replacement and facility improvement projects at the Tifton laboratory in conjunction with the recommissioning funded by HB 18 (2023).

Section 13, pertaining to the Department of Agriculture, page 37, line 55.1:

The General Assembly seeks to appropriate \$224,400 in state general funds to the Department of Agriculture for the Payments to Georgia Agricultural Exposition Authority program to be used for a one-time salary adjustment to provide parity for all full-time, benefit-eligible state employees not directly state funded to address agency retention needs. The Authority is a self-funded agency, and its employees are funded through revenues generated by the Authority's activities. State funding for the program is supplementary and not related to personal services. Therefore, the Authority is directed to disregard the language included in line 55.1 and manage personal services costs through the Authority's existing revenue model.

Section 13, pertaining to the Department of Agriculture, page 37, line 55.2:

The General Assembly seeks to appropriate \$98,400 in state general funds to the Department of Agriculture for the Payments to Georgia Agricultural Exposition Authority program to be used for

an adjustment to agency premiums for Department of Administrative Services administered insurance programs. The Authority is a self-funded agency that is able to generate and retain revenue. State funding for the program is supplementary and not related to insurance. Therefore, the Authority is directed to disregard the language included in line 55.2 and manage costs through the Authority's existing revenue model.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.7:

The General Assembly seeks to appropriate \$10,950,021 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Developmental Disabilities Services program to annualize the cost of 513 New Options Waiver (NOW) and Comprehensive Supports Waiver Program (COMP) slots for individuals with intellectual and developmental disabilities. \$771,514 of this appropriation would fund only administrative overhead costs rather than provide additional waiver slots. The Department has sufficient existing program funding to deploy the additional slots without additional administrative overhead. Therefore, the agency is directed to utilize the funds included in line 62.7 for direct waiver expenses only.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.9:

The General Assembly seeks to appropriate \$1,112,791 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Developmental Disabilities Services program to increase salaries for state psychiatric hospital staff. Previous efforts to address staff salaries have addressed retention allowing the department to increase bed capacity across the state hospital system. The agency should strategically identify specific positions with ongoing turnover concerns rather than increasing salaries across the board. Therefore, the agency is directed to disregard the language included in line 62.9.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.10:

The General Assembly seeks to direct the Department of Behavioral Health and Developmental Disabilities in the Adult Developmental Disabilities Services program to begin implementation of the 2022-2023 provider rate study pending approval by Centers for Medicare and Medicaid Services (CMS). The General Assembly did not appropriate any additional funds to support implementation of the provider rate study. The study estimated a \$105 million cost to implement the rate increase which would require the Department to redirect 25 percent of existing program funding from other services to meet the additional cost. This unfunded mandate would have devastating impacts on the Department's ability to maintain existing levels of service to the adult developmentally disabled community. Therefore, the agency is directed to disregard the language included in line 62.10 until the resources necessary to support implementing this important study have been appropriated.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.2:

The General Assembly seeks to appropriate \$1,218,343 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Forensic Services program to fill nine vacant forensic evaluator positions and 23 peer mentor positions at market rate. The Department received funding for additional peer mentors in FY 2023 and has been unable to fully fill those positions. The Department should utilize existing funding for these activities before additional funds are added. Therefore, the agency is directed to disregard the language included in line 63.2.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.3:

The General Assembly seeks to appropriate \$277,027 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Forensic Services program to increase salaries for forensic peer mentors. As the Department has not fully filled the forensic peer mentors added in FY 2023, existing funding could be used to increase salaries for forensic peer mentors without requiring additional program funding. Therefore, the agency is directed to disregard the language included in line 63.3.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.4:

The General Assembly seeks to appropriate \$4,376,950 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Forensic Services program to increase salaries for state psychiatric hospital staff. Previous efforts to address staff salaries have addressed retention allowing the department to increase bed capacity across the state hospital system. The agency should strategically identify specific positions with ongoing turnover concerns rather than increasing salaries across the board. Therefore, the agency is directed to disregard the language included in line 63.4.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 44, line 64.6:

The General Assembly seeks to appropriate \$7,030,171 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program to annualize the operations of a 24-bed and 16 temporary observation chair behavioral health crisis center at Serenity Behavioral Health Systems in Augusta. The state contracts with community service boards (CSBs) and other providers to provide crisis capacity across the state. Current behavioral health crisis centers are staffed at specific ratios and are reimbursed by the department based upon established budgets set each fiscal year. Each budget should reflect a similar and appropriate staffing ratio based on utilization of each facility. Therefore, the agency is directed to utilize the crisis capacity study and continue to provide services based upon the projected utilization while ensuring equity across providers.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 44, line 64.7:

The General Assembly seeks to appropriate \$6,651,470 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program for a 24-bed and 16 temporary observation chair behavioral health crisis center in Fulton County. The state contracts with community service boards (CSBs) and other providers to provide crisis capacity across the state. Current behavioral health crisis centers are staffed at specific ratios and are reimbursed by the department based upon established budgets set each fiscal year. Each budget should reflect a similar and appropriate staffing ratio based on utilization of each facility. Therefore, the agency is directed to utilize the crisis capacity study and continue to provide services based upon the projected utilization while ensuring equity across providers.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 44, line 64.8:

The General Assembly seeks to appropriate \$10,823,084 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program to convert a crisis stabilization unit at the Community Service Board of Middle Georgia in Dublin to a 24-bed and 16 temporary observation chair behavioral health crisis center. The

The General Assembly seeks to appropriate \$2,251,420 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program for additional program and administrative support to manage the national '988' hotline. These funds would increase administrative funding to the '988' hotline rather than direct response services for those in crisis. Call volume has not increased to a level requiring additional administrative support over existing levels. Therefore, the agency is directed to disregard the language included in line 64.11.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 44, line 64.13:

The General Assembly seeks to appropriate \$1,902,500 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program for the Georgia Housing Voucher program to support the requirements of the Department of Justice (DOJ) Settlement Agreement. The Department received additional funding in the FY 2023 that remains in the base budget and is sufficient to meet projected utilization without additional funding needs. Therefore, the agency is directed to disregard the language included in line 64.13.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 44, line 64.15:

The General Assembly seeks to appropriate \$2,735,431 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program to increase salaries for state psychiatric hospital staff. Previous efforts to address staff salaries have addressed retention allowing the department to increase bed capacity across the state hospital system. The agency should strategically identify specific positions with ongoing turnover concerns rather than increasing salaries across the board. Therefore, the agency is directed to disregard the language included in line 64.15.

Additionally, these salaries would violate the statewide salary structure established by the Human Resources Administration. Therefore, the agency is directed to disregard the language included in line 128.8.

Section 23, pertaining to the Department of Economic Development, page 99, line 143.6:

The General Assembly seeks to reduce state general funds by \$240,251 to the Department of Economic Development for the Tourism program for the Martin Luther King Jr. Center for Nonviolent Social Change and direct the agency to utilize \$500,000 in existing funds for ongoing facility improvements and educational exhibits. The General Assembly seeks to appropriate \$1,700,000 in state general funds to the Department of Education for the Charter Schools program for charter facility grants pursuant to HB 430 (2017 Session). HB 430 does not require additional funding for charter facility grants but instead allows the state board to award facilities grants to local and state charter schools, subject to appropriations. Section 24, pertaining to the Department of Education, page 107, line 154.6:

The General Assembly seeks to appropriate \$50,000 in state general funds to the Department of Education for the Non Quality Basic Education Formula Grants program for feminine hygiene grants due to inflation and increased enrollment. These funds would offset the loss of federal pandemic relief funds previously used to provide free breakfast and lunch for reduce-pay students through September 2022. As Georgia is participating in a federal pilot program that is expected to expand and streamline access to reduced cost meals for Georgia students, the amount provided in this line item is likely insufficient to fully fund the cost of providing free breakfast and lunch for reduce-pay students. The Department of Education should continue to implement the school nutrition program in accordance with federal guidelines until the full impact of improving program access through the federal pilot program can be determined. Therefore, the agency is directed to disregard the language in line 155.5.

The Quality Basic Education funding formula as outlined in O.C.G.A. Title 20, Ch. 2, Art. 6 does not authorize funding to school districts for custodians. Funding recurring salary payments for custodial staff in school districts through the Quality Basic Education program would require a legislative change to the Quality Basic Education funding formula. As the appropriations act cannot make change to general law, the agency, therefore, is directed to disregard the language in line 160.12.

Section 24, pertaining to the Department of Education, page 113, line 166.6:

The General Assembly seeks to appropriate \$711,000 in state general funds to the Department of Education for the Technology/Career Education for construction industry certification. Therefore, the Department is directed to disregard the language in line 166.6.

Section 25, pertaining to the Employees' Retirement System of Georgia, page 116, line 172.1:

The General Assembly seeks to appropriate \$26,750,000 in state general funds to the Employees' Retirement System of Georgia for the System Administration program for an annual benefit adjustment to retired state employees. O.C.G.A. Title 47 Chapter 2 Article 2 authorizes the board of trustees for the Employees' Retirement System to determine the formula for benefit payments to retirees and any postretirement benefit adjustments. The Board of Trustees therefore shall determine the most appropriate formula for disbursing these funds in accordance with the most recently adopted postretirement benefit adjustment methodology.

The General Assembly seeks to appropriate \$2,000,000 in lottery for education funds to the Georgia Student Finance Commission and Authority College for the Completion Grants program for postsecondary gap funding grants to reflect increased utilization. As the program was only established in the FY 2023 budget, the program does not yet have a full year of activity to appropriately determine usage and need. Therefore, the Commission should disregard the language in line 325.1.

Section 44, pertaining to the Georgia Student Finance Commission and Authority, page 220, line 333.2:

The General Assembly seeks to appropriate \$16,767,043 in lottery for education funds to the Georgia Student Finance Commission and Authority for the HOPE Scholarships – Private Schools program to increase the HOPE Private Zell award from \$2,977 to \$3,100 and adjust the HOPE Private award amount to 100% of the Zell award. In order to maintain parity with the percentage increase provided to the HOPE Scholarships – Public Schools award increase provided for herein, the agency is instructed to disregard the language in line 333.2 and increase the HOPE Private award from \$2,282 to \$2,496 and HOPE Private Zell award from \$2,977 to \$2,985.

HB 130, which would have authorized the loan repayment program, was not passed by the General Assembly during the 2023 Session and these funds will not be necessary. Therefore, the Commission should disregard the language in line 341.2.

Section 46, pertaining to the Technical College System of Georgia, page 229, line 351.7:

The General Assembly seeks to appropriate \$8,230,958 in state general funds to the Technical College System of Georgia for the Technical Education program for the first year of a three-year phase-in for increased credit hour earnings from the Aviation, Commercial Driver's License, and Nursing programs. As appropriation acts may only authorize spending for the fiscal year as established in that act and cannot obligate funds for future fiscal years, the Department is directed to disregard the language included in line 235.7 referencing a three-year phase-in.

Section 46, pertaining to the Technical College System of Georgia, page 229, line 351.8:

The General Assembly seeks to appropriate \$1,100,000 in state general funds to the Technical College System of Georgia for the Technical Education program to implement the Tools for Success matching grant program. Purchasing items to provide directly to private citizens at no cost who are no longer enrolled in the Technical College System of Georgia would constitute a violation of Ga. Const. Art. III, § VI, Para. VI, the Gratuities Clause. Therefore, the System should disregard the language in line 351.8.

Section 46, pertaining to the Technical College System of Georgia, page 229, line 351.9:

The General Assembly seeks to appropriate \$2,000,000 in state general funds to the Technical College System of Georgia for the Technical Education program for major repairs and renovations as an addition to the existing funds of \$22,000,000 for that purpose. Existing major renovation and repair funding appropriated in the program is disbursed by formula to individual technical colleges based on square footage. The System should ensure the additional funding in line 351.9 is disbursed via the same formula to technical colleges to ensure parity in appropriation allocations.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 246, line 375.17:

The General Assembly seeks to redirect \$1,045,000 in 5-year unissued bonds from FY 2023 for the Technical College System of Georgia for the purpose of design of the Business and Technology Center, Coastal Pines Technical College (HB911, Bond #35) to design the renovation and expansion of the Henry Louis "Hank" Aaron Academic Complex, Atlanta Technical College, Atlanta, Fulton County. This project was not requested by the Technical College System and was not identified as a priority in the system's capital plan. Projects impacting future enrollment and operational costs for the Technical College System should be vetted by the Technical College System Board to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, the agency should disregard the language in line 375.17.

Line-Item Vetoes by the Governor

Section 16, pertaining to the Department of Community Affairs, page 57, line 85.101:

The General Assembly seeks to appropriate \$10,420,518 in state general funds to the Department of Community Affairs for the Special Project - Payments to Georgia Environmental Finance Authority program to provide grants for natural gas pipeline expansion and capacity expansion for non-Universal Service Fund (USF) eligible entities. Grants for natural gas pipeline expansion falls outside the scope of powers and duties established for the authority under O.C.G.A. § 50-23-5. The appropriations act cannot make general law expanding the scope of powers for the authority. Therefore, I veto the appropriation (page 57, line 85.101) in the provisions relative to Section 16: Department of Community Affairs and the state general funds of \$10,420,518.

Section 46, pertaining to the Technical College System of Georgia, page 228, line 350.100:

The General Assembly seeks to appropriate \$325,000 in state general funds to the Technical College System of Georgia for the QuickStart – Special Project program for a Quick Start style program to address healthcare shortages throughout the state. This special project would be an expansion of the scope of the purpose of the Quick Start program which focuses on specific start-up or expanding Georgia businesses requiring specialized workforce training. Therefore, I veto this appropriation (page 228, line 350.100) in the provisions relative to Section 46: Technical College System of Georgia and the state general funds of \$325,000.

Section 47, pertaining to the Department of Transportation, page 237, line 364.100:

The General Assembly seeks to appropriate \$250,000 in state general funds to the Department of Transportation for the Routine Maintenance program for one-time funding of safety inspections for state and local government road infrastructure's aging underground corrugated metal pipe (CMP) using non-invasive technology. The Department has an existing contract for

this activity and has not expressed a need for additional levels of funding to support it. Local governments receive funds through the Local Maintenance and Improvement Grants program that can be used for this purpose. Therefore, I veto this appropriation of only the state general funds of \$250,000 (page 237, line 364.100) in the provisions relative to Section 47: Department of Transportation.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 253, line 376.233:

Georgia Military College has already identified available internal funding and begun construction on the project. Additional funding from the state is not required for the project. Therefore, I veto this authorization (page 253, line 376.233) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$181,600.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 254, line 376.238:

The General Assembly authorizes the appropriation of \$544,800 in debt service for the purpose of financing projects and facilities for the Board of Regents of the University System of Georgia, specifically for the design and construction of dental school building, Georgia Southern University, Statesboro, Bulloch County through the issuance of \$6,000,000 in 20-year general obligation bonds. This project was not requested by the University System and was not identified as a priority in the system's capital plan. Projects impacting future enrollment and operational costs for the University System should be vetted by the University System Board to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, I veto this authorization (page 254, line 376.238) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$544,800.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 255, line 376.260:

The General Assembly authorizes the appropriation of \$392,800 in debt service for the purpose of financing projects and facilities for the Technical College System of Georgia, specifically for land acquisition for Georgia Piedmont Technical College, Doraville, DeKalb County through the issuance of \$4,000,000 in 20-year general obligation bonds. This project was not requested by the Technical College System and was not identified as a priority in the system's capital plan. Projects impacting future enrollment and operational costs for the Technical College System should be vetted by the Technical College System Board to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, I veto this authorization (page 255, line 376.260) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$392,800.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 255, line 376.262:

Gillis Medical Building, Southeastern Technical College, Vidalia, Toombs County through the issuance of \$6,000,000 in 20-year general obligation bonds. This project was not requested by the Technical College System and was

not identified as a priority in the system's capital plan. Projects impacting future enrollment and operational costs for the Technical College System should be vetted by the Technical College System Board to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, I veto this authorization (page 255, line 376.262) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$589,200.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 256, line 376.263:

The General Assembly authorizes the appropriation of \$39,040 in debt service for the purpose of financing projects and facilities for the Technical College System of Georgia, specifically for the design of renovation and expansion of the Henry Louis "Hank" Aaron Academic Complex, Atlanta Technical College, Atlanta, Fulton County through the issuance of \$160,000 in 5-year general obligation bonds. This project was not requested by the Technical College System and was not identified as a priority in the system's capital plan. Projects impacting future enrollment and operational costs for the Technical College System should be vetted by the Technical College System Board to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, I veto this authorization (page 256, line 376.263) in the provisions relative to Section 50: Georgia General Obligation Debt Sinking Fund and the state general funds of \$39,040.

Section 50, pertaining to the Georgia General Obligation Debt Sinking Fund, page 258, line 376.405:

The General Assembly authorizes the appropriation of \$363,200 in debt service for the purpose of financing projects and facilities for the Georgia Bureau of Investigation, specifically for the design and construction for renovation and expansion of the Medical Examiner Office at Central Lab, Dry Branch, Bibb County through the issuance of \$4,000,000 in 20-year general obligation bonds. The Bureau has already received a previously authorized bond for this same purpose. The Department should collaborate with the Georgia State Financing and Investment Commission's Construction Division to develop a comprehensive capital plan addressing medical examiner space needs statewide to ensure the most strategic use of capital funds. Therefore, I veto this authorization (page 258, line 376.405) in the provisions relative to Section 50: State of Georgia General Obligation Debt Sinking Fund and the state general funds of \$363,200.
