MEMORANDUM

TO: Agency Heads
Fiscal Officers

FROM: Teresa MacCartney, Director 
Office of Planning and Budget

RE: **Budget Instructions: Amended FY 2015 and FY 2016**

Georgia continues to experience increasingly strong economic growth during recent years; a trend that we expect to continue into future fiscal years as Georgia remains a worldwide destination for business growth and expansion. We expect that this continued economic growth will be sufficient to enable the state to meet mandatory growth obligations in education, healthcare, and pensions through increases in state revenues while maintaining the current level of funding for other core state services. Therefore, Governor Deal asks that state agencies continue a conservative approach to the AFY 2015 and FY 2016 budgets by utilizing existing resources strategically to deliver services to Georgians as efficiently and effectively as possible.

The General Budget Preparation Procedures are set for use in preparing your agency's Amended FY 2015 and FY 2016 budget request. Each agency, department and authority must submit a budget request that is equal to the level of funding that is appropriated for the FY 2015 budget. However, certain agencies requiring new state funding out of revenue growth may submit workload requests based on direction provided by OPB. The instructions for budget submissions may be accessed on the OPB website at opb.georgia.gov. The procedures for requesting Capital Outlay funding are included in these instructions. The BudgetTool instructions may be accessed on the same website for entering agency request and will be available on Monday, July 28. Budget submissions are due on September 2, 2014.
