

CORONAVIRUS STATE FISCAL RECOVERY FUND GRANT PROGRAM
Broadband Infrastructure Committee
Service Verification

As specified in the Georgia Coronavirus State Fiscal Recovery Fund Grant Program Frequently Asked Questions, if a grant application proposes to serve areas that are already served by a wireline connection that delivers reliable broadband service with a minimum speed of 25 Mbps download and 3 Mbps upload, service providers may submit verification of such service by completing this form and emailing it to arpabroadband@opb.georgia.gov by November 12, 2021.

In addition to completing this form, please provide additional supporting documentation that demonstrates and supports the served status of the areas that are being submitted for verification.
