

1. What needs to be included in my submission?
 - You must include the Testing Grant Billing Template in every submission.
 - If you are requesting reimbursement for PCR tests, all relevant invoices must be included.
2. What dates are eligible for grant reimbursement?
 - September 1, 2020 to June 30, 2021. ALL expenditures MUST be incurred on or before June 30, 2021 to be eligible. OPB must receive reimbursement request by July 15, 2021.
3. How do I submit for December 31st, 2020 if I already submitted for the other days of that month?
 - If you want to just update the template for December, add the 31st, and then submit a request for the difference of December.
4. What makes a facility 'designated eligible'?
 - The Office of Planning and Budget identified eligible nursing home facilities based on Medicare/ Medicaid regulated facilities required to test in accordance with updated CMS guidance. The facilities list was identified based on those facilities identified as a nursing home on the Long-Term Care Facility COVID-19 Report published by the Department of Community Health on September 1, 2020.
5. If the Department of Health completed the testing at my facility, would that be eligible for reimbursement?
 - If the Department of Health charged the facility for the tests, then they would be eligible. If they did not, then those would be ineligible for reimbursement.
6. If the Antigen tests were donated to my facility, is that still eligible for the \$51.31 per test?
 - Yes, for the Antigen tests, the facility is being reimbursed as a laboratory for processing the tests. Therefore, the facility will be reimbursed at the flat rate of \$51.31 per test regardless of the origin of the test kit.
7. In reference to the Testing Grant Billing Template, can one be filled out for the duration of the eligibility period?
 - No, there needs to be one worksheet, per facility, per month.
