Honorable Sandra Scott
State Representative
611-D Coverdell Legislative Office Building
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill (LC 33 8068)

Dear Representative Scott:

The bill would allow licensed health care providers of obstetrical and gynecological services located within 50 miles of Georgia's state border to be considered in-state providers. It grants these providers the same rate provided on behalf of Georgia Medicaid recipients to providers located within the state.

The bill would have no fiscal impact on the state. The Department of Community Health currently enrolls out-of-state health care providers located within 50 miles of the state border as in-state providers. These providers include individual providers such as those that provide obstetrical and gynecological services.

Sincerely,

Greg S. Griffin
State Auditor
