State Auditor

April 2, 2026

Honorable Lee Hawkins
Chairman, House Health
401-C State Capitol
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 323 (LC 46 1536S)

Dear Chairman Hawkins:

The bill would require benefit providers, within thirty days of receiving a written request, to provide treating healthcare providers with an accounting of payments made to an injured party for the purpose of treatment provided by the treating healthcare provider. Benefit providers are defined as “any insurer, health maintenance organization, health benefit plan, preferred provider organization, employee benefit plan, or other entity which provides for payment or reimbursement of healthcare expenses, healthcare services, disability payments, lost wage payments, or any other benefits under a policy of insurance or contract with an individual or group.” An injured party is a person who has received payments from a benefit provider related to an injury caused by a third party.

We determined that the bill would have no fiscal impact on state government.

Respectfully,

Greg S. Griffin
State Auditor

Richard Dunn, Director
Office of Planning and Budget
