STATE OF GEORGIA

OFFICE OF THE GOVERNOR

ATLANTA 30334-0900

Sonny Perdue
GOVERNOR

TO THE MEMBERS OF THE GENERAL ASSEMBLY

Placing Georgia on a sound financial path has been a hallmark of my administration and this budget is based on that record of discipline. Looking forward to the new budget year, this policy has given us the flexibility to meet the requirements of a rapidly growing state, even as we must show prudence in spending as uncertainty grows about the national economy.

As in all my budgets, emphasis remains on initiatives that will provide Georgians with the opportunity to fulfill their potential. We have taken significant steps to improve the educational opportunities for our children, protected our natural resources, offered individuals the ability to build on their dreams through tax reforms, and maintained an effective safety net to assist the most vulnerable members of our society – our children and our senior citizens.

My revenue estimates for the Amended FY 2008 and FY 2009 budgets are based on prudent revenue projections. Georgia's economy has performed well over the last three years. However, this growth is expected to moderate in the year ahead. While we appear better positioned to weather the headwinds affecting the national economy, it is likely that these national trends will reduce growth in our state. Fortunately, our overall budget position is strong and our reserves have been rebuilt from almost zero at the beginning of my administration to a record \$1.5 billion today.

At a mere two percent increase, my Amended FY 2008 budget represents the smallest percentage increase in state funds that I have recommended to the legislature since Georgia recovered from the recession in the beginning of my first term. This relatively small increase can be attributed to the efficiencies and cost avoidance techniques we have implemented through the Commission for a New Georgia and other efforts carried out by state agencies. Soon Georgia will be recognized as the best managed state in the nation.

EDUCATION

As our state's robust economy continues to propel population growth, the demands on our educational system continue to increase. To deal with enrollment growth and to improve the ability of teachers to meet the challenges of their jobs, the budget for Amended FY 2008 includes \$104 million in funds for the Quality Basic Education (QBE) formula grants. An additional \$211 million for QBE is allocated in FY 2009, including \$135 million for increased training and experience for educators. To meet other critical needs for our schools, the Amended FY 2008 budget includes \$40 million for technology upgrades and \$25 million for new buses. Classroom needs will be met with more than \$303 million in bonds for local school construction.

Helping our children succeed in school is more than books and classrooms. Over the last two years we have implemented and expanded our program of graduation coaches in middle and high schools to help students stay and succeed in school. The budget for FY 2009 includes \$14 million to expand this program in all new schools. This budget also includes an additional \$14 million to provide for a "Very Important Parent (VIP) Recruiter," a specialist with the primary function of engaging parents to encourage involvement in their child's education. Parents have a key role to play in the success of their children and this program is a vital step in rebuilding this partnership.

Post-secondary studies are critical to preparing Georgians to compete in the challenging economic climate of this century. The FY 2009 budget includes \$115 million to provide funding for enrollment growth in the university system. It also provides \$237 million in bonds for continued expansion and enhancement of facilities at institutions

around the state: \$70 million for the School of Dentistry at the Medical College of Georgia, \$33 million for an Engineering Technology Center at Southern Polytechnic State University, and \$30 million for major repairs and renovations system-wide. For those students who choose a technical school career path, the FY 2009 budget includes \$93 million in bonds to construct new facilities at technical colleges statewide.

TRANSPORTATION/INFRASTRUCTURE

Population growth fueled by a strong economy has placed new pressure on our state's infrastructure. Transportation improvements are also critical to continued economic success. The FY 2009 budget includes \$230 million in bonds for the Fast Forward highway construction program and \$13 million in bonds for the expansion of the Georgia Regional Transportation Authority's Xpress bus system. The FY2009 budget expedites local transportation projects by providing \$50 million to create a State Transportation Infrastructure Bank that will make loans available to eligible city and county applicants.

ENVIRONMENT & WATER

Water planning, conservation and storage are primary goals of the 2008 legislative session. The Amended FY 2008 budget includes \$40 million to fund regional reservoirs and water system improvements that can help provide for future water needs, \$500,000 for upgrades to 20 dams with the potential to serve as municipal water supply, and \$300,000 in FY 2009 to assist the Metropolitan North Georgia Water Planning District in updating its existing regional water plan. In addition, \$30 million in bonds is allocated in FY 2009 for additional local water system improvements. The FY 2009 budget also includes \$30 million to continue Georgia's land conservation efforts.

HEALTHCARE

Providing affordable health care access and controlling escalating costs remains a continuing challenge to state government. For the uncompensated costs associated with trauma care, \$53 million is included in Amended FY 2008 to strengthen our state trauma system. The budget for FY 2009 includes nearly \$17 million for the Health Insurance Partnership to incentivize small businesses to partner with employees to provide low cost health insurance. In addition, more than \$22 million is added to increase hospital Medicaid reimbursement rates. We will continue to provide care and protection to the more vulnerable members of our society. To maintain adequate health coverage for children, my budget includes \$15 million in Amended FY 2008 and \$17 million in FY 2009 to provide state funds to match federal funds under PeachCare. Additional funds of \$17.6 million are targeted to provide for improved compensation to nursing homes. We have been able to fund these improvements due to controlled costs in health care expenditures through cost control and managed care. This allowed us to reduce Medicaid expenditures in the Amended FY 2008 budget by more than \$70 million while maintaining current benefits for all eligible Georgians enrolled.

Additional health care improvements include new funds for our state hospitals which provide necessary services to those with mental and developmental disabilities. The Amended FY 2008 budget includes \$15 million to improve hospital operations. This is supplemented by \$21 million in new funds in FY 2009. Our children will always be the center of my budget considerations. This budget contains \$15 million in funds for increased Mental Retardation and Development Disability waiver slots. This annualizes 1,500 waiver slots approved by the General Assembly in FY 2008 and adds an additional 500 waiver slots in FY 2009.

PUBLIC SAFETY

My budget reflects my belief that protecting the public is a primary responsibility of state government. To protect drivers on our roads and highways, the FY 2009 budget includes more than \$9 million to fund three trooper schools, 2009. To reach these recruitment targets, the budget also includes \$2.3 million to establish a Regional Officer Trooper Cadet (ROTC) Program. FY 2009 also includes \$27 million in funds for more than 2,300 new secure beds in Georgia's corrections system. We are also making necessary changes in our juvenile justice system. We are eliminating the Short Term Placement program and repurposing space for committed youth to provide for better outcomes related to youth recidivism. To deal with the problem of identity theft, I am recommending the creation of an Identity Theft Unit in the GBI at a cost of \$1.1 million.

My Amended FY 2008 and FY 2009 budgets fund initiatives that give Georgians the opportunity to fulfill their potential, while illustrating prudence and discipline through limited growth in state government. I look forward to working with each of you in 2008.

Sincerely,

Sonny Perdue

AMENDED FY 2008 BUDGET HIGHLIGHTS

The Amended 2008 budget recommendations represent the investments necessary to meet the urgent needs of Georgia citizens and communities for the remainder of the year. From fulfilling obligations to a continually growing educational system to providing necessary funding for natural disasters such as forest fires and tornadoes, this budget ensures a fiscally conservative, but appropriate commitment of resources to issues confronting the state of Georgia and its citizens.

EDUCATED GEORGIA

This budget continues Governor Perdue's commitment to placing needed resources into education from Pre-K to higher education. Georgia's strong economy continues to encourage thousands of people to move here each year, thereby placing further demands on the state's education system. This budget continues to fully fund this growth, and provides quality educational opportunities for all Georgians, as indicated by the following major investments:

- \$6,373,221 to provide another schooling option for 2,265 K-8 students enrolled in the state virtual charter school;
- \$104,507,058 to recognize a 1.09 percent increase in enrollment growth for the QBE mid-term adjustment, representing a total of 1,625,306 students in grades K-12;
- \$25,000,000 to purchase 557 new buses for pupil transportation; and,
- \$40,817,363 to provide equipment and technology infrastructure upgrades for every school system in Georgia.

These funds will ensure school systems have the ability to take advantage of resources such as the Online Assessment System from the Georgia Department of Education, and the Governor's Education Scoreboard through the Governor's Office of Student Achievement. This funding will also help school systems replicate best practices such as building public transparency and accountability through posting school and classroom academic progress online, as well as providing a vehicle for schools and teachers to communicate with parents.

HEALTHY GEORGIA

These recommendations provide the funding necessary to care for Georgia's most vulnerable populations, and ensure that all individuals in this state have the opportunity to live full and productive lives. They include investments to provide the state's share for PeachCare, the state's child health insurance program, and substantial funding allocation to ensure the state's child welfare system is able to fully provide for child victims of abuse and neglect. Similarly, this budget provides funding for enhanced support of the statewide trauma care network. These major funding initiatives include the following items:

- \$53,402,769 to support the state trauma network;
- \$15,926,579 to provide health insurance benefits to children enrolled in the PeachCare program;
- \$15,200,000 to improve the operations of state-operated mental health hospitals, and ensure quality treatment of individuals in the state's care at these facilities; and,
- \$15,883,875 to satisfy the funding needs of Georgia's child welfare system, and provide appropriate protection and care for the child victims of neglect and abuse.

GROWING GEORGIA

Georgia continues to grow rapidly — the fifth fastest growing state in the nation in terms of population, according to the U.S. Census Bureau. In order to meet the infrastructure demands of a Growing Georgia, these recommendations include the following:

- \$40,000,000 in grant funding for reservoir and other water system improvements;
- \$156,872,671 in total motor fuel funds for local roads (Local Assistance Road Program, State Fund Construction – Off System, and State Fund Construction – Most Needed), the highest level of funding since FY 1999;
- \$6,300,000 in increased funding for the Hazardous Waste Trust Fund from for local government and abandoned site clean-up; and,

AMENDED FY 2008 BUDGET HIGHLIGHTS

- \$500,000 for upgrades to 20 dams with the potential to serve as municipal water supply sources.

SAFE GEORGIA

Providing a safe environment for all Georgians remains a foremost priority, and means both the

careful investment in preventative measures to best manage crime, natural disasters, and other threats of harm; as well as funding dedicated to meet the recovery needs for affected areas of the state. This budget includes \$4,098,491 in emergency funds necessary for management and recovery efforts related to fires, drought, tornadoes, and other natural disasters across the state.

* Fiscal Year 2007 reported collections reflect actual cash receipts collected by the Office of the Treasury and Fiscal Services and reported by the State Accounting Office for the fiscal year ending June 30, 2007. However, motor fuel collections as reported by the Department of Revenue are the basis for determining the mid-year appropriation of Motor Fuel Funds. For Fiscal Year 2007 this amount is \$927,572,643.76 (see article III, Section IX, Paragraph VI of the Constitution of Georgia and OCGA 50-17-23 (b)(3)).
