## OFFICE OF PLANNING AND BUDGET

**Nathan Deal**  
Governor

**Debbie Dlugolenski Alford**  
Director

Dear Fellow Georgians,

The attached report provides detailed budgetary information for the State of Georgia for both the Amended Fiscal Year (AFY) 2012 budget and the Fiscal Year (FY) 2013 budget.

This report is divided into two sections, financial summary information and more detailed department data. Financial summary information begins with an overview of state revenues by source and appropriation data. The final section of this publication includes detailed appropriations of state funds for all departments of the state and is presented at the program level.

The information is intended to provide Georgians with an understanding of the financial position of the state and the spending authorized by the most recent legislative session.

Sincerely,

Debbie Dlugolenski Alford, Director  
Governor's Office of Planning and Budget

# Vetoes By the Governor

## Line-Item Vetoes by the Governor

### **Section 51, pertaining to the State of Georgia General Obligation Debt Sinking Fund, page 167, line 5169:**

This language authorizes the appropriation of \$256,800 in debt service to finance projects and facilities for the Board of Regents of the University System of Georgia, specifically for the renovation of the Rural Development Center at the University of Georgia Tifton campus, through the issuance of \$3,000,000 in 20-year bonds. This project was not requested by the Board of Regents and was not identified as a priority in the Board of Regents capital plan. This project would create additional space in order to expand programming and enrollment at the Tifton campus. Projects impacting future enrollment in the University System should be vetted by the Board of Regents to ensure a strategic approach to enrollment growth at higher education institutions in Georgia. Therefore, I veto this language (page 167, line 5169) in the provisions relative to Section 51 State of Georgia General Obligation Debt Sinking Fund and the state general funds of \$256,800.

### **Section 51, pertaining to the State of Georgia General Obligation Debt Sinking Fund, page 173, line 5225:**

This language authorizes the appropriation of \$133,476 in debt service to finance projects and facilities for the Department of Transportation, specifically for upgrades and maintenance at the Riceboro Southern Railway bridges and railroad grade crossing signal crossbucks on the Georgia Southwestern Railroad and Chattooga and Chickamauga Railway, through the issuance of \$1,470,000 in 20-year bonds. The Department has sufficient funding within existing authorized general obligation debt to provide for additional rail improvement projects. Funding for these rail projects should be considered in conjunction with other state rail needs, and projects should be selected by the Department based on the state's highest priority needs. Therefore, I veto this language (page 173, line 5225) in the provisions relative to Section 51 State of Georgia General Obligation Debt Sinking Fund and the state general funds of \$133,476.

## Intent Language Considered Non-Binding

### **Section 17, pertaining to the Department of Community Health, page 38, Line 1175:**

The General Assembly seeks to appropriate \$50,000 for the Southeastern Firefighters' Burn Foundation, Inc. in the Health Care Access and Improvement program. The purpose of the Health Care Access and Improvement program is to improve health care access and outcomes in rural and underserved areas of Georgia. Some aspects of this initiative are outside the scope of the purpose of the Health Care Access and Improvement program. Therefore, the Department is authorized to operate the program in accordance with the purpose of the program and the general law powers of the Department.

### **Section 17, pertaining to the Department of Community Health, page 39, line 1219:**

The General Assembly seeks to instruct the Department to implement a wastage policy to reimburse for cancer treatment single-dose vials administered in a physician's office. The funds provided are insufficient to implement this policy as of the effective date stated. Additionally, limiting the application of the reimbursement policy to cancer drugs may not be operationally feasible. Therefore, the Department is authorized to utilize the funds in accordance with the purpose of the program and the general law powers of the Department.

### **Section 17, pertaining to the Department of Community Health, page 41, line 1276:**

The General Assembly seeks to instruct the Department to restore the bariatric surgery benefit in the State Health Benefit Plan, effective January 1, 2013. This language limits the Department's ability to effectively manage the State Health Benefit Plan and control expenses. Therefore, the Department is authorized to determine benefits covered under the State Health Benefit Plan pursuant to the direction of the Board of Community Health and in accordance with the purpose of the program and the general law powers of the Department.

## Vetoed By the Governor

### **Section 27, pertaining to the Department of Human Services, page 84, line 2627:**

The General Assembly seeks to appropriate \$50,000 for KidsPeace in the Out-of-Home Care program. This appropriation circumvents the Department's process for reimbursing vendors and creates a variance between vendors providing similar services. Therefore, the Department is authorized to utilize the funds in accordance with the purpose of the program and the general law powers of the Department.

### **Section 33, pertaining to the Department of Natural Resources, page 104, line 3262:**

The General Assembly seeks to appropriate \$150,000 for the Georgia Water Policy Center in southwest Georgia in the Environmental Protection program. Funding for water initiatives should be prioritized in consideration of statewide water needs rather than regionally focused. Therefore, the Department is authorized to utilize these funds for its highest priority needs and in accordance with the purpose of the program and the general law powers of the Department.

### **Section 40, pertaining to the University System of Georgia Board of Regents page 126, line 3969:**

The General Assembly seeks to appropriate \$50,000 for industrial storm water solutions for Georgia's poultry industry in the Georgia Tech Research Institute program. The Georgia Tech Research Institute has sufficient funding to undertake this research without an additional appropriation. Therefore, the Department is authorized

to undertake this research using agency generated funding in lieu of state appropriations.

### **Section 40, pertaining to the University System of Georgia Board of Regents page 130, line 4075:**

The General Assembly seeks to appropriate \$25,000 for the Southern Legislative Conference's (SLC) Center for Advancement of Leadership Skills (CALs) program at Georgia State University in the Teaching program. The purpose of the Teaching program is to provide for direct student instruction or other initiatives supporting student learning. This initiative is outside the scope of the purpose of the Teaching program. Therefore, the Department is authorized to participate in the Southern Legislative Conference's Center for Advancement of Leadership Skills program using agency generated funding in lieu of state appropriations.

### **Section 48, pertaining to the Department of Transportation, page 154, line 4856:**

The General Assembly seeks to appropriate \$500,000 for airport aid grant funds for Airport Aid projects including Blairsville, Hampton, North Georgia Regional Airports, Americus, Bainbridge, Griffin, Rome, and Valdosta. Grant funding for airport projects should be awarded on a competitive basis that maximizes all available funds and is in accordance with statewide priorities for air transportation. Therefore, the Department is authorized to utilize the funds in accordance with the purpose of the program and the general law powers of the Department.

The following adjustments were made to the Amended FY 2012 Revenue Estimate:

- a) The Governor reduced the revenue estimate by \$47,188,929 on February 20, 2012 based on new economic forecasts since the initial budget was submitted to the General Assembly.

The following adjustments were made to the FY 2013 Revenue Estimate:

- a) The Governor increased the revenue estimate for FY 2013 by \$117,535,686 on March 26 as a result of the National Mortgage Settlement Agreement, additional agency payments to the State Treasury, and anticipated revenues from Nursing Home Provider Fees realized after the initial budget was submitted to the General Assembly.
- b) Upon the Governor's veto of \$390,276 in appropriations by the General Assembly for FY 2013, the revenue estimate was reduced by this amount.

**Note:**

The revenue numbers from fiscal years 1980 - 2011 are reported numbers. The revenue numbers for Fiscal Years 2012 and 2013 are estimated. In prior years, the Mid-Year Adjustment Reserve is reflected as a portion of actual collections of taxes and fees.

## Revenue Shortfall Reserve

The 1976 session of the General Assembly created the Revenue Shortfall Reserve in lieu of the Working Reserve. This reserve acts as a savings account or "rainy day" fund for the state should revenue collections decline unexpectedly or uncontrollably. Current law provides that the reserve cannot exceed 15% of the previous year's net revenue. For each fiscal year, the General Assembly may appropriate an amount up to 1% of the net revenue collections of the preceding fiscal year for funding increased K-12 needs. In addition, the Governor has the authority to release funds from the reserve in excess of 4% of the net revenue of the preceding fiscal year. The chart for FY 2010 includes agency surplus collected after June 30, 2010 and does not include funds used for mid-year K-12 adjustment.

### Department of Justice (DOJ) Settlement Agreement Funding

The Settlement Agreement signed October 19, 2010 between the United States of America and the State of Georgia requires funding for community services directed towards developmental disabilities and mental health consumers of the Department of Behavioral Health and Developmental Disabilities (DBHDD). The agreement also calls for DBHDD to partner with other state agencies such as the Department of Community Health and the Department of Community Affairs in order to support the needs of its consumers.

The Settlement Agreement establishes yearly targets from FY 2011 to FY 2015 for developmental disabilities, mental health and quality management. State compliance with the targets established in the agreement will be verified by an Independent Reviewer.

1) All other Medicaid benefit expenditures do not include inpatient hospital services.

The U.S. Supreme Court decision, *Olmstead v. L.C.* (1999) declared that unnecessary segregation of individuals in institutions might constitute discrimination based on disability and be a violation of the Americans with Disabilities Act. The decision affects qualified individuals with a physical, mental, or age-related disability who are receiving state-supported long-term care in a state hospital or nursing home that could also benefit from community placement and are not opposed to the move. It also affects people with disabilities who need state-supported community-based services to avoid going to state hospitals or nursing homes. Since the *Olmstead* decision, Georgia has taken steps to comply with the ruling by making more community services available and accessible to Georgians with disabilities.
